Fees and Payments

We make every effort to keep down the cost of your dental care. You can help by paying upon completion of each visit. Other arrangements can be made with our office manager depending upon special circumstances. An estimate of the charge for any procedure will be given to you upon request. If you have any dental insurance, we will be glad to fill out the proper forms, but please complete the identifying information on this form.

Please remember that insurance is considered a method of reimbursing the patient for fees paid to the doctor and is not a substitute for payment. Some companies pay fixed allowances for certain procedures and others pay a percentage of the charge. It is your responsibility to pay any deductible amount, co-insurance, or any other balance not paid for by your insurance company. You will be responsible for all collection costs, attorney fees, and court costs.
